

Index

Index*

A

- Adalar, N., 337-341
- Adams, P. M., 36, 47
- Addicts, the law and (abstract), 70-71
- Aerosol deodorants, lung changes from, 300-303
- Aflatoxin, toxicity of, environmental factors in, 517-528
- Agricultural chemicals, statement by N. E. Borlaug, 295-297
- Alcohol. See Ethanol
- Alcoholism, in U.S.A., 83-84
- Alphaprodine, fatality from, 307-315
- Alvares, A. P., 33
- American Academy of Clinical Toxicology, membership roster, 585-598
- δ -Aminolevulinic acid (ALA), in dipstick test for lead poisoning, 7-16
- Amnesty program, for drugs, in U.S. Army (abstract), 76
- Aminopterin, osteoporosis from in prenatal lambs, 263-265
- Amphetamine(s), aversive conditioning by (abstract), 44
 - drugged and nondrugged state, novel doses in (abstract), 42
 - effects on pain perception (abstract), 58
 - feeding effects of on genetics in *Drosophila*, 395-403

- 24-hour LD₅₀ rhythms of, in mice (abstract), 51
- as inhibitor of hepatic drug metabolism, 387-393
- self-ingestion of, in acute and chronically treated rats (abstract), 45
- "state," failure to demonstrate effects on learned behavior (abstract), 43
- Animals, toxicology of, See Veterinary toxicology
- Aoki, V. S., 405-417
- Aronson, A. L., 169-173
- Arsenic, toxicity of, mechanism, 152-154
- Astragalus, poisoning by, 567-573
 - lesion development in, 575-580
- Atropine, discriminative stimulus characteristics of (abstract), 55

B

- Bacterial toxins, properties and biological effects of, 441-451
- Balls, L. D., 245-261
- Bamburg, J. R., 495-515
- BAL. See British Anti-Lewisite
- Barbital, chronic dosing with increased central excitability in (abstract), 35
- Barbiturates, interaction with ethanol, metabolic and pharmacokinetic studies on (abstract), 34
- Barnes, P. R., 46, 48
- Barratt, E., 46, 48
- Barratt, E. S., 36, 47

*This index contains the names of all contributors to Volume 5, 1972.

- Barry, H., 55
 Beckett, A. H., 52
 Behavior, marijuana effects on (abstract), 39
 Bergdoll, M. S., 441-451
 Bergman, H. D., 405-417
 Biase, R. V., 75
 Bins, W., 245-261
 Black, H. J., 405-417
 Borlaug, Norman E., statement on agricultural chemicals by, 295-297
 Bowling, C. E., 61, 66
 Brain, effects of chronic marijuana intake on (abstract), 36
 Brezinova, V., 57
 British Anti-Lewisite (BAL), as classic heavy metal antidote, 215-222
 Bucaro, A. G., 70
 Buck, W. B., 143-150, 271-281, 437-438

C

- Campbell, T. C., 517-528
 Capel, W. C.
 Cappell, H., 44, 49
 Case, A. A., 267-270
 Castet, M. D., 72
 Cazalas, M. W., 70-71
 Chamberlain, T. J., 76
 Chernish, S. M., 317-329
 Chulla, V., 58, 60
 Clack, G. S., 77-78
 Clayton, F. W., 283-294
 Cochin, J., 30
 Cohn, R., 46, 48
 Coldwell, B. B., 34
 Cravey, R. H., 3-6
 Crawford, C. R., 223-230

D

- DDT, appraisal of regulatory developments on, 429-436

- Decker, W. J., 365-367
 Deming, M. V., 69
 Deniz, S., 337-341
 Diazepam, effects on pain perception (abstract), 58
 Dick, R. W., 405-417
 Dipstick test, for lead poisoning, modifications of 7-16
 Disulfuram, pretreatment of, effects on self-ingestion of ethanol (abstract), 54
 Dominguez, A. M., 369-379
 Dopaminergic stimulation, role in withdrawal aggression from morphine (abstract), 40
 Drosophila, amphetamine-feeding effects on genetics of, 395-403
 Drug(s), adverse reactions to, advantages of unit dose drug distribution on, 405-417
 analysis of urine samples for, 369-379
 dependence of, stereotaxic hypothalamic lesions for treatment of (abstract), 38
 hysteria over, 83-87
 metabolism in liver, amphetamine inhibition of, 387-393
 in overdose cases, identification of, 17-21
 recovery from thin layer chromatographic plates, 365-367
 rehabilitation for, studies on requests for at Phoenix House (abstract), 75
 reinforcement, schedule control in, 56
 tolerance to, mechanisms in (abstract), 30
 Drug abuse, complications of, requiring hospitalization (abstract), 69
 early intervention program for (abstract), 79-80
 fraudulent medical services offering help on (abstract), 81-82

- in military personnel, patterns
and demographic correlates
among (abstract), 74
multidiscipline approach to,
23-25
symposium on, 27-80
Drug addiction, in New Orleans,
demographic and socio-
logical implications of
(abstract), 73
in high schools on (abstract),
77-78
Dunleavy, D. L. T., 57
- E
- Earl, R. W., 67
EEG, correlation with morphine
dependence (abstract), 37
effects of marijuana extract on
in monkeys (abstract), 47
tolerance to, relation to be-
havior effects of
marijuana (abstract), 46
Einstein, S., 81-82
Ellis, F. W., 53
Enterotoxins, properties of,
441-451
12,13-Epoxy- Δ^9 -trichothecenes,
biological activities and
detection of, 495-515
Esplugues, J., 60
Ethanol, dependence on, in
monkeys and dogs
(abstract), 53
discriminative stimulus
characteristics of
(abstract), 55
interaction with barbiturates
metabolic and pharma-
cokinetic studies on
(abstract), 34
intoxicated behavior from,
comparison with similar
behavior from marijuana
(abstract), 49
intoxication by, osmometry in
evaluation of, 343-363
self-ingestion of, disulfuram
pretreatment effects on
(abstract), 54
Exon, J. H., 187-194
Extrapyramidal symptoms,
measurement by forearm
tremors in humans, 381-385
- F
- Fales, H. M., 17-21
Feeds, natural toxins in, 439-440
Fenfluramine, as drug of
dependence (abstract), 57
Fire ants, bibliography on, 117-128
USDA statements on infestation
by, 95-128
Fluorenyl-acetamide (FAA), in-
duction of cancer by in selen-
ium depleted rats, 187-194
Fluoride, toxicity of, in domestic
and wild animals, 195-213
Fogleman, R. W., 137-142
Foods, natural toxins in, 439-440
Forearm tremors, in objective
measurement of extra-
pyramidal symptoms, 381-385
Forester, B. M., 74
Forney, R. B., 50
Fuller, G. C., 387-393
- G
- Glick, M. X., 68
Goldbaum, L. R., 369-379
Goldberg, S. R., 41
Goldblatt, L. A., 453-464
Goldsmith, B. M., 73
Gomez Beneyto, M., 58, 60
Gurtoo, H. L., 517-528
- H
- Haloperidol, in treatment of heroin
addiction, addiction to
(abstract), 89

- Harr, J. R., 175-194
 Harris, R. T., 42
 Heroin, addicts, behavioral
 therapy of (abstract), 67
 haloperidol in treatment of,
 addition to (abstract), 59
 Hicks, R., 49
 Hine, C. H., 307-315
 Hoffmeister, F., 41
 Hospitalization, complications
 of opiate abuse requiring
 (abstract), 69
 Hughes, J. R., 343-363

I

- Ilter, E., 337-341
 Imipramine, as drug of depend-
 ence (abstract), 57
 Information, toxicology program
 for (TIP), 283-294
 Iverson, F., 34

J

- James, L. F., 231-243, 263-265,
 567-573, 575-580
 Jukes, T. H., 427-436

K

- Kappas, A., 33
 Karkalas, Y., 43, 59, 381-385
 Keeler, R. F., 245-261, 529-565
 Kerr, F. W. L., 38
 Khazan, N., 37
 Kiplinger, G., 50
 Koerner, T. A., 343-363
 Kornfeld, J. M., 7-16
 Kubena, R. K., 55
 Kumar, R., 56

L

- Lal, H., 32, 40, 43, 45, 54, 59,
 381-385, 387-393

- Law, addiction and (abstract),
 70-71
 Law, N. C., 17-21
 Lead, toxicity of, mechanism,
 154-156
 Lead poisoning, in animals associ-
 ated with industrial lead
 operations, 169-173
 dipstick test for, modifications
 using ALA, 7-16
 Leaverton, P. E., 405-417
 Le Blanc, A. E., 44
 Lee, R. V., 83-87
 Lewis, S. A., 57
 Livestock, congenital deformities
 in, from feeding on Veratrum
 californicum, 245-261
 Locoweed, poisoning by, in livestock,
 567-573
 lesion development in, 575-580
 Louis-Ferdinand, R. J., 387-393
 "Love pill," methylenedioxymphet-
 amine as, 3
 Lung changes, from aerosol
 deodorants, 300-303
 Lynch, S. J., 67

M

- Manno, J. E., 50
 Marijuana, behavioral effects of
 (abstract), 39
 chronic intake of, effects on brain
 (abstract), 36
 discriminative stimulus character-
 istics of (abstract), 55
 effects on human motor and mental
 performance (abstract), 50
 extract of, sex differences in
 response to in rat (abstract),
 48
 intoxicated behavior from, compari-
 son with similar behavior from
 alcohol (abstract), 49
 tolerance to EEG and behavior
 effects of (abstract), 46

- Markoff, E. L., 79-80
Marshall, P., 43
Mason, H. M., 61, 69
Matheson, D. W., 67
Matthew, H., 581-582
Mengual, J., 58, 60
Mercury, toxicity of, mechanism, 156-159
Metals, heavy, BAL as antidote for, 215-222
toxicity of, mechanism, 154-169
Methadone, in drug abuse treatment, symposium on, 27-80
EEG studies after administration of (abstract), 28
effects on pain perception (abstract), 58
effects on pentobarbital tolerance (abstract), 31
effects on uterine muscle contractility (abstract), 60
iatrogenesis of during narcotic substitution therapy (abstract), 61
maintenance with, role of private physician in control of heroin (abstract), 62-65
metabolism of, phenobarbital effects on (abstract), 33
methylation and oxidation of, effects on activity of (abstract), 52
myth of blockade by (abstract), 66
out-patient facilities for, post-treatment behavior of two populations treated at (abstract), 68
substitution therapy with, behavior changes from as indicated by urinalysis (abstract), 72
Methylenedioxymphetamine, poisoning by, 3-6
Mgbodile, M. U. K., 517-528
Miles, C. G., 49
Military personnel, drug abuse patterns and demographic correlates among (abstract), 74
Miller, L. H., 28
Milne, G. W. A., 17-21
Mitchard, M., 52
Moffett, A. D., 66, 68
Monkeys, effects of marijuana extract on performance and EEGs in (abstract), 47
Morphine, antagonists of, modification of behavioral effects by morphine dependence (abstract), 41
dependence on, EEG correlates (abstract), 37
secondary reinforcement in (abstract), 56
withdrawal aggression from (abstract), 40
withdrawal syndrome of, conditional blockade (abstract), 32
Motor oil, volatile agent in, poisoning from, 267-270
Muth, O. H., 175-186
Mycotoxins, analytical methods for, 465-494
implications of, 453-464
toxicity of, environmental factors in, 517-528

N
Nelson, D. L., 223-230
New Orleans, addiction in, demographic and sociological implications of (abstract), 73
high schools of, drug use and abuse in (abstract), 77-78
Newberne, P. M., 439-440
Nix, J. T., 62-65, 72

O

- O'Brien, C. P., 74
 Oehme, F. W., 133-135, 151-167, 215-222, 437-438
 Okamoto, M., 35
 Olson, A. E., 195-213
 Opioid abuse, complications from requiring hospitalization (abstract), 69
 Opioid addiction, haloperidol in treatment of (abstract), 59
 Organophosphorus compounds, past and future of, 223-230
 Ortiz, A., 58, 60
 Orts, A., 58
 Osmometry, in evaluation of alcohol intoxication, 343-363
 Osteoporosis, aminopterin-induced, in prenatal lamb, 263-265
 Oswald, I., 57
 Osweller, G. D., 143-150, 271-281
 Overdose, of drugs, drug identification in, 17-21
 Oxalate toxicosis, 231-243
 Oxazepam, pseudohyposmolar nonketotic coma from, 337-341
 Oxytropis, poisoning by, 567-573
 lesion development in, 575-580
 Ozone generator, biological effects of, 419-426

P

- Pain, methadone, amphetamine, and diazepam effects on perception of (abstract), 58

- Paraquat poisoning, 581-582
 Pasi, A., 307-315
 Pentobarbital, tolerance to, factors affecting (abstract), 29
 methadone and reserpine effects on (abstract), 31
 Phenobarbital, effects on methadone metabolism (abstract), 33
 Phoenix House, studies on requests for drug rehabilitation (abstract), 75
 Physicians, private, role in control of heroin addiction (abstract), 62-65
 Pick, J. R., 53
 Pickens, R., 56
 Pirsch, J. H., 46, 48
 Pliner, P., 49
 Plumbism, in animals associated with industrial lead operations, 169-173
 Portman, R. S., 517-528
 Pozuelo, J., 38
 Pradhan, S. N., 39
 Propoxyphene hydrochloride, absorption by charcoal, 317-329
 Puri, S. K., 40

R

- Radda, B., 50
 Range plants, teratogenic hazards in, 529-565
 Rappolt, R. T., 419-426
 Reddy, C., 32
 Redetzki, H. M., 343-363
 Reed, D., 3-6
 Reserpine, effects on pentobarbital tolerance (abstract), 31
 Resin hemoperfusion, in treatment of acute drug intoxication, 331-335
 Richards, D. W., 42
 Rodda, B. E., 317-329

S

Santafe, J., 58, 60
Santinga, P., 369-379
Sedgwick, P. R., 3-6
Segarra Domenech, J., 58, 60
Selenium, in diet, effects on N-2
fluorenyl-acetamide-
induced cancer, 187-194
poisoning, in domestic animals,
relationship to man,
175-186
toxicity of, mechanism,
159-162
Selenosis, 176-178
Sharma, D. V. M., 195-213
Shihab, A. A., 52
Shupe, J. L., 195-213
Singh, J. M., 23-25, 28, 29, 31,
72
Smith, A. G., 343-363
Smith, N., 43, 381-385
Soloway, L. H., 68
Stahr, H. M., 143-150, 271-281
Stereotaxic hypothalamic
lesions, for treatment of
drug dependence
(abstract), 39
Stewart, G. T., 73
Stolerman, I. P., 56
Stoloff, L., 465-494
Strange, R. E., 74
SurrIDGE, J. F., 395-403
Swiller, H. L., 74
Symposium on Drug Tolerance,
Addiction, Abuse, and
Methadone Treatment
(August 15-18, 1971),
abstracts of papers,
27-80

T

Taylor, W. J. R., 61, 66, 69

Telatar, F., 337-341
Teratogenic hazards, in range
plants, 529-565
Thallium poisoning, 89-93
mechanism, 162-164
Thin layer chromatographic plates,
drug recovery from, 365-
367
Thiopental, tolerance to factors
affecting (abstract), 29
Thomas, B. H., 34
Thompson, T., 56
Toxicology, information program
for, 283-294
recent history of, 137-142
Toxins, in foods and feeds, 439-440
Trenholm, H. L., 34

U

Ullmann, W. W., 7-16
Urinanalysis, (rapid) for drugs,
369-379
use in studies of behavior
pattern of addicts on
methadone (abstract), 72
Uterus, effects of methadone on
smooth muscle contractility
of (abstract), 60

V

Van Gelder, G. A., 143-150,
271-281
Van Kampen, K. R., 575-580
Veratrum californicum, congenital
anomalies from, 245-261
Veterinary toxicology, 133-135
diagnostic procedures in, 143-
150
research in laboratories of,
271-281
Vila, J., 58, 60
